1. **WAG JUDGING – GENERALITIES**

**Gender used in this section:** The Women's Program welcomes individuals from all genders as judges. From a grammatical point of view, the use of the feminine version applies to all judges.

D1/Apparatus Chief Judge: The term “D1” will be used throughout this document to refer to the judge in charge of an apparatus, whether in the FIG or JO program.

**Abbreviations:**
- PSO – Provincial Sport Organization
- CPE – Continuing Professional Education
- CC – Canadian Championships
- EC – Elite Canada
- HP – High Performance

The purpose of the Canadian Judging System is to develop competent judges through a fair and comprehensive system within which judges may develop, demonstrate their commitment and contribute to the athlete support team.

As part of this support team, all judges play an integral role in evaluating routines and assisting athletes at all levels to reach their performance objectives. Furthermore, FIG Brevet judges play an integral role in assisting the National Team athletes in reaching their performance objectives internationally, including the qualification of a team to the Olympic Games.

### 1.1 PURPOSE

**Objectives:**
- **DEFINITION:** Ensure judges have a clear understanding and appreciation of their role and the impact of their role on the success of the athletes
- **EDUCATION:** Provide ongoing learning opportunities as appropriate to the needs of the judge
- **APPLICATION:** Provide access to opportunities for judges to apply their education and skills appropriate to the judge’s level corresponding to the needs of the program
- **RECOGNITION** of judging contributions at all levels including club, provincial, training camps, volunteer program development, and National and International competitions through a variety of goals including those outlined below:

**Goals:**
- Provide training/educational/mentoring opportunities in the following areas: (tools, direction) - stress management skills, problem solving skills, interpersonal skills, providing appropriate feedback to coaches and athletes
- Awareness and access to additional areas of professional development such as Risk Management, Respect in Sport program, Responsible Coaching Movement (CAC)
National and Provincial level judges:
  o Meet minimum JO and CJO exam standards
  o Ensure judges are well educated and kept up to date with current CJO rules and interpretations

Brevet judges:
  o Meet minimum FIG exam standards
  o Ensure Brevet judges are well educated and kept up to date with the current FIG rules, interpretations and International Trends

Program Components:
  • Courses/clinics
  • Workshops and personal development that provide access to information from national and international resources including FIG Intercontinental Course, FIG International courses, FIG Judges’ Briefing presentations at major FIG events, JO presentations and updates
  • Assignments, both domestic – club, provincial and national - and International (Brevet Judges), that provide the opportunity to both enhance the individual judge’s experience but also the national reputation of all judges and international reputation of Canadian Brevet Judges.

1.2 INTER-PROVINCIAL COMMUNICATION
Each province must submit to GYMCAN the name of their official contact person for the purposes of Inter-Provincial judging communication. Each province should compile a list for circulation, of competitions that could incorporate judges from other provinces. Both the provincially named contact person and the list of competitions should be submitted by October 15th.

  • National judges must communicate through their PSO Judging Chairperson to receive approval to officiate outside of the province/territory or at an inter-provincial competition at a non-GYMCAN event.

  • The PSO Judging Chairs must also contact each other to plan and organize inter-provincial exchanges involving judges.

  • National judges who wish to receive provincial funding must contact their PSO before accepting a judging assignment.

* Eligible to judge: Judges are “certified” to judge at the level indicated above, meaning that they have successfully completed the evaluation process for that particular level. However, in reality, judges will most likely be asked to judge other levels at competitions. It is up to each PSO to impose restrictions as they see appropriate.

** Continuing Professional Education credits (CPE) — All judges are required to take CPE credits every year, which must include a clinic. For more information about CPE (including the definition of “clinic”), see section 3.2 in this document.
2.2 GENERALITIES

a) A judge can earn a rating as a gymnastics official through a series of exams, both Written and Practical. Judges must successfully take the exams associated with the level they want to achieve, and they hold the level of their highest successful exam.

b) Once a level is achieved, the judge is certified at that rating for the remainder of the cycle. The cycle ends when the Code of Point is changed. The cycle are as follows:
   - JO Compulsory – valid until 2021
   - JO Optional – valid until 2022
   - FIG – valid until 2021

c) The course material and exams are provided by Gymnastics Canada. The JO and HP judging courses are administered and delivered by each PSO.

d) The Brevet judging courses are administered and delivered by the FIG, once per cycle.

e) It is recommended that each year, judges complete Continuing Professional Education (CPE) credits. CPE activities are organized and approved by the PSOs. The number of CPE hours for Provincial CJO Judges are at the discretion of each PSO, except for the National JO 10 and National HP levels. At those 2 levels, every judge must complete 16 hours of CPE each year. In their annual report, the PSO Judging Chairs must submit to the GYMCAN registrar the list and number of hours of CPE activities completed by these judges.

f) In order to officiate at Canadian Junior Olympic events, judges must have knowledge of the rules and regulations included in the following publications (and addendums):
   - USA Gymnastics Junior Olympic Compulsory Book
   - USA Gymnastics Junior Olympic Code of Points
   - Canadian Junior Olympic Program
   - Current PSO and GYMCAN Women’s Technical Rules

g) In order to officiate at HP events, judges must have knowledge of the rules and regulations included in the following publications:
   - FIG Code of Points
   - FIG updates published by the FIG Technical Committee
   - Current FIG Technical Regulations (for International Competitions)
   - Canadian High Performance Program

- Abide by GymCan policies and procedures
- Be recognized as an “active judge” by their province
- Have successfully completed the evaluation process for their level (course, exam, assessments)
- Complete the required number of CPE activities according to their level each year

PSO may have additional requirements for their judges.

2.3.1 Definition of Active Judge

- Judge a minimum of three (3) provincial competitions within the P/T or
- A judge may complete three activities that is mutually acceptable to the province and the individual judge.

2.3.2 Roles and Restrictions

a) Club Affiliation

Each Brevet judge is responsible for informing the JDWG of such restrictions in order to ensure that this rule is respected for all Women’s Program national level competitions. Each PSO is responsible for informing the JDWG of such restrictions for their National level judges in order to ensure that this rule is respected for all Women’s Program national level competitions.

b) Coach-Judge

An active coach is someone who, on a regular basis, takes an active part in the technical training process (performance of elements and/or exercises) of a gymnast. A judge’s contribution to the training process is occasional, advisory, oriented to the interpretation and application of the Code of Points and Women’s Program Manual rules.

Any judge actively coaching an athlete who is participating at National events (CC, EC or CWG) may not judge at that competition session for that category. A judge assigned to any session who is also coaching at a different session will be exempted from attending the mandatory training session(s) when she is required to coach her athletes at the same time. The judge will be exempted from attending part or all of the judges briefing session and/or the Brevet Judges Council when the judge is required to coach her athlete(s) at the same time as the activity.
The Judge/Coach must request an exemption in writing from the GYMCAN WAG Registrar (copy to the PM) at least one month (or when GYMCAN has published the schedule) before the competition and provide information on the nature of the conflict. While it is understood that the Judge/Coach must be with her athletes at Elite Canada and Canadian Championships, she is asked to evaluate the impact of accepting a team coach position.

For all other categories: any judge actively coaching at a club with a participating gymnast may not be a D1 Judge in that category.

c) Parent-Judge

Any parent-judge of a competing athlete may not judge at that competition session for that category. Any parent-judge of a participating gymnast in any other category may not be a D1 Judge in any category at the same competition.

d) Club Owner/Full-time Staff

A Brevet Judge or National Judge who is a club owner or full-time staff with the club of a participating athlete may not be a D1/apparatus chief judge during the session in which his/her club athletes are competing.

e) Judges’ Children at Competitions

- The judge must have prior written permission from their PSO and JDWG to bring a baby to a GYMCAN competition.
- The judge must be able to fulfill her judging commitments (competition, training sessions and meetings) thus necessitating some child-care arrangements.
- No judges’ children will be allowed on the competition or training gym floor.
- If a judge must leave the competition floor to attend to her child she must have permission from the Canadian Head Judge.
- If the judge must bring the child to a meeting (due to exceptional circumstances), the judge must inform the Canadian Head Judge and the judge must ensure that the child is a silent observer.

2.4 UNIFORMS

All Brevet and National judges must wear the judge’s uniform as stated in the current FIG Code of points: A dark blue matching suit- skirt or pants – and white blouse.

All Provincial CJO judges must wear the judges’ uniform as stated in each provincial judges’ handbook

All judges are asked to dress in a professional manner

2.5 JUDGES’ RECORDS KEEPING

It is the responsibility of each judge to maintain their record. It must include:

- Judging activity in their province
- Courses (dates, location, level), exams results, assessments completed
- Continuing Professional Education (CPE) activities completed during the season
- GYMCAN assigned International competitions judged in and outside Canada
- National and Provincial Team activities
- Briefing Sessions/Self Evaluation/Training Camps/Verifications
- Clinics and courses taught

Brevet Judges must submit their record by June 30 deadline to the GYMCAN Office and a copy to their PSO Judging Chairperson.

Brevet Judges will not be eligible for assignment and/or funding at national events until records are received.

It is GYMCAN’S responsibility to submit the names of qualified judges to the FIG for Brevet certification. GYMCAN has the authority to make adjustments to the list during a quad.

2.5.4 Wag National Records and Judges List

National Judges:

- The PSO Judging Chairperson must submit to the GYMCAN office and registrar the names of the current and active National JO 10, National HP and Brevet using the provided file by June 30th. Updated records can be submitted on October 1, January 1 and April 1.
- If the PSO is sending certified judges to a GYMCAN national event, the registrar and national office must receive updated records that verify all of the judges requirements are met to judge in all positions.

3. Provincial and National Judges System

a) The information in this section applies to Provincial and National judges.

b) The Provincial Judges system refers to all judging level under National JO 10. In order to provide a direction, GYMCAN has provided some guidelines for Provincial Level judges. However, all components and requirements regarding the Provincial Judges System is under the jurisdiction of each PSO. Please contact your PSO to have detailed information about provincial judges’ requirements and certification.

c) The National Judges system (National JO 10, National HP, Brevet Candidate) falls under the jurisdiction of GYMCAN. In order to be certified, National Judges must meet the requirements outlined below.

3.1 Characteristics of Canadian National Judges

- Strong commitment to and support of the Canadian Women’s and provincial competitive programs, showing respect to all athletes, coaches, volunteers and other judges
- Competent application of the JO Code of Points at the Provincial and National levels and FIG code of Points at the HP level.
- Commitment to improving the judging of gymnastics in her province and in Canada
- Excellent understanding of the technique of the elements performed
• Excellent understanding of the gymnastics environment in her province and at the National level
• Availability and ability to work with and relate to coaches and other judges in and outside of competition
• Available and willing to work with the Judges Program as a leader in her province
• Instrumental in ensuring standardization of application of JO Code of Points, FIG Code and relevant updates, and Canadian Models in her province and in Canada
• Ability to exhibit judging competency through performance on judges’ examinations and excellent judging performance at competitions
• A national judge is not eligible for inter-nations international competitions where all participants are representing their National Federations

3.2 MOBILITY IN THE NATIONAL JUDGES SYSTEM
Each judge, in consultation with her Provincial/Territorial Judging Chairperson should participate in personal goal setting. This will aid in establishing her optimum level at the present time, taking into consideration her level of competency, experience, level of commitment possible and environmental influences (i.e. career, financial and personal/family impact on availability for judging assignments and related requirements).

Each judge will need to determine which Judging Stream best suits her personal goals and abilities.

3.3 JUDGING COURSES, EXAMS AND ASSESSMENTS
3.3.1 PROVINCIAL COURSES
a) Judging Courses for JO levels, excluding National JO 10 and National HP are organized at the discretion of each PSO. It is up to each PSO to determine the rules and regulations in regards to attendance, pass/fail scores, re-write, etc.

3.3.2 NATIONAL COURSES (NATIONAL JO 10, NATIONAL HP)
a) Judging Courses for National JO 10 and National HP are organized by the PSO. This includes but is not limited to location, logistics and expenses for the courses. The judging courses must follow GYMCAN guidelines, course content and examination protocol, so that there is a standardized knowledge base and standardized application of the Code and judging certification.

b) All National JO and National HP judging course material and exams are created and provided to the provinces by Gymnastics Canada. The JO and HP judging courses will administered and delivered in each province by the PSO.

c) Responsibilities for the organization of the courses are as follows:
GYMCAN is responsible for the content, direction and oversight of the courses including:
• Pre-Course material
• Course material and exam
• Schedule
• Selection and provision of a list of recognized Course Conductors

The PSO is responsible for the logistics and delivery of the courses.
• Determine the dates and provide an adequate location for the courses
• Determine the fees for the judging courses
• Distribute the registration package which will include a schedule, the location, registration fees and registration deadline set by the province.
• Distribute pre-course material to registered participants.
• Cover all expenses and honoraria for the Course Conductor
• With the course conductor, keep a record of the judges’ exam scores. National judges’ exam scores must be submitted to the GYMCAN office and GYMCAN Registrar.

d) All National Judges must successfully complete these courses in order to maintain or upgrade their level. Successful completion is defined as 100% attendance and successful completion of both the written and practical (video) exam with a pass/fail mark designated for each level.

e) Exam re-writes are permitted one time only for those judges who do not meet the minimum pass standard. Judges will be allowed to re-write the theory exam only; there is no re-write for the practical exam. Judges who re-write may use the better of their two scores (original exam or rewrite). All re-write must be done within 2 months after the original course/exam.

f) Judges who do not meet the minimum pass score will not be granted the National JO 10/HP National level and will be listed at the highest level they have successfully completed.

g) GYMCAN does not require National Judges to repeat the JO 10 course every year: As part of their CPE requirements, National Judges are required to complete one clinic per year. No exam is required for the judges to maintain their level. It is however recommended (not mandatory) that they repeat the JO 10 clinic every other year to make sure they maintain a high level of knowledge as they are eligible to judge at Canadian Championships and Canada Winter Games.

3.4 CONTINUING PROFESSIONAL EDUCATION (CPE)

• All judges must be committed to fulfill continuing professional education requirements to maintain a high standard of knowledge.
• Each judge is responsible to submit at the end of each season (deadline decided by PSO) their competition record, and their CPE activities to their PSO Judging Chair.
• All CPE activities are approved and offered by Provinces and/or GYMCAN and can include but are not limited to JO/FIG clinics, technical education, video or live practice sessions, etc.
• Annual CPE credits are required to be completed in order to be eligible to be assigned to GYMCAN events. Judges may be required by the PSO to attend provincial level events.
• CPE accreditation year is July 1 to June 30.
• CPE activities include a variety of activities and must include a minimum of one clinic or course
• Clinic CPE credits are defined as hours spent at Provincial or National organized events such as Congresses, clinics, courses, code updates or symposiums. These events must be publicized in advance and open to all judges in the province or country as applicable to the event (exception: eligibility requirement must be met for National and Brevet courses).
• A recommended maximum number of CPE hours may be acquired for the following miscellaneous activities:
  o Coaching (6 hours)
  o In gym observation, working with coaches and gymnasts (no maximum)
- Volunteering at a judging activity (4 hours), including member of a committee or working group
- Video or live practice judging at a level equal to or higher than your current rating (3 hours)

- If a judge does not complete all of their required CPE hours within a given year, they may apply CPE hours from the successive year to make up for the hours they were lacking. Note that CPE hours cannot be used twice, meaning if hours are being used to make up from a previous year, those same hours could not be applied to the current year as well. Any judge who has not completed their CPE requirements before the start of the next season will not be assigned to judge unless in the case of an emergency (in this case a financial or other penalty may be applied).

3.5 Educational Assessment for National Judges (National JO 10 and HP)

a) The assessment form is provided in appendix. Judges will not recognized as National JO 10 judges until they complete the assessment.

b) The assessment must be completed within 2 seasons from successfully completing the National JO 10 course (whether upgrading from JO 10 or maintaining National JO 10). If no assessment completed during the allotted time, the judge will be considered Provincial JO 10.

c) Judges who were listed as National 1 to 4 in the previous system will be grandfathered in and will be provisionally granted the National JO 10 level as soon as they successfully complete the JO 10 exam. They will have until January 1, 2020 to complete the assessment. If they have not completed an assessment by then, they will be recognized as Provincial JO 10.

d) All judges are required to complete the assessment – whatever their status was in the previous system – before they are assigned to Canadian Championships or Canada Winter Games.

e) Assessors can be Brevet judges and National JO 10/HP judges who have scored a minimum of 90% at the current National JO 10 exam (combined theory and practical).

4. CANADIAN BREVET JUDGES’ SYSTEM

4.1 GENERALITIES

4.1.1 MINIMUM ELIGIBILITY REQUIREMENT

All judges must meet the minimum eligibility requirement stated in 2.3

Every judge must successfully complete a FIG sanctioned judging course to be granted the FIG Brevet for the cycle. Successful completion as defined by FIG. The exact criteria are posted on the FIG Website.

4.1.2 RESIDENCY

Judges who wish to represent Canada internationally must be a Canadian citizen (or landed immigrant for 2 years).

Foreign Brevet judges, who wish to be listed under Canada, must successfully complete the Brevet Candidate process in order to be eligible to attend.

4.2 OVERVIEW OF THE CANADIAN BREVET SYSTEM

4.2.1 JUDGING COURSES

FIG Intercontinental Course: held once per 4-year cycle. The course is conducted by the FIG WTC or designates. Each National Sport Organization (NSO) is permitted to send a very limited pre-determined number of participants. The participants are selected according to the Brevet Judges System.

FIG International Course: usually held once per 4-year cycle. The course is conducted by a FIG WTC member. Each National Sport Organization (NSO) is permitted to send a larger number of participants. The participants are selected according to the Brevet Judges System.

All current Brevet judges are expected to meet the minimum FIG requirements to maintain FIG category 4, or they will not be eligible to attend the next FIG International Course. Efforts will be made to help judges maintain higher categories or help Brevet Judges to meet requirements to be eligible to upgrade their FIG category.

Those eligible for the course include the current Brevet Judges who are committed for the next cycle and the top ranked identified candidates (number to be determined by the JDWG based on FIG guidelines).

The maximum of Brevet judges able to attain the Canadian FIG Brevet status of Profiles 2, 3, Mentor and Master; through their completion of the FIG International Course is determined by FIG attendance restrictions.
### 4.3 Canadian Brevet Judges System

The optimal number of Brevet Judge is determined by the needs of the National Team, and the FIG limitations in the number of judges who can attend courses. The following provides an overview of the FIG brevet and Canadian brevet system requirements and linkages.

They require a serious commitment from the candidate even though one candidate is unlikely to be involved in each activity to its full extent in a given year.

Should a judge retire from Profile 2, not obtain the required FIG category, or not meet the maintenance requirements, the JDWG MAY GRANT Profile 2 status to the Profile 3 judge next in the most recent Profile 2 Selection Process ranking order, provided that:

- She has met her Profile 3 maintenance requirements to date
- The Mentor and Profile 2 judges will have the expected number of international assignments during the quad.

Where there are judges of equal merit available, a draw will take place to determine the assignment. All available positions will be on a self-funded basis.

Gymnastics Canada may assign and may fund judges for NT camps. GymCan is responsible for the assignment and funding allocation for these camps based on program priorities.

d) A coach may also inquire about a change to the technical organization (e.g. order of passage, warm-up procedures, etc.) with the D1 Judge or the Canadian/Competition Head Judge. Any dissatisfaction must be voiced IMMEDIATELY and addressed BEFORE the changes are carried through otherwise the coach will not have the option to protest or appeal the change later during the competition.

e) The D1 on behalf of the Apparatus Jury (i.e. the D and E panel of the respective apparatus) responds to the inquiry. The D1 Judge will give a brief verbal explanation of the inquiry. Any additional discussion should not be expected and will be at the discretion of the D1 Judge. Response to an inquiry must not in any way delay the competition. Coaches should not expect justifications to cover every 0.10 p. deduction.

f) During the consideration of the verbal inquiry, the D panel has several options:
   - The Coach’s question may be answered immediately by the D1 as the judging script is consulted and the score is clarified for the Coach.
• The D1 may choose to consult further with the D2 and other members of the panel and then reply more fully to the Coach.
• If the E score is under discussion then E panel members should be consulted.
• A video review can take place at this time if the D panel wishes to review the technical component of an element (e.g., check on completeness of a twist) or a neutral deduction (e.g., time or line).

g) For the two other types of inquiries please see section 5.10 under ‘Other’.

5.7.2 PROTEST

a) A protest, is the second stage when the Coach is not satisfied with the information provided at the Inquiry stage and seeks a formal review. A coach may make a judging protest or a technical protest for his/her own athlete at National level competitions.

b) The appropriate protest form (see Appendix) must be completed by the coach and submitted to the Canadian Head Judge/or designate. The form must be submitted to the Canadian Head Judge, no later than 15 minutes after the completion of the rotation. In the case of the last rotation, the coach has 5 minutes after the completion of the rotation to file a protest.

c) The written inquiries fee is $60.00 per athlete, per apparatus. If the protest is not granted, GymCan will invoice the club for the total amount after the competition.

d) An official protest entitles the coach to request and be granted a video review of the gymnast’s routine or part of the routine.

e) The Judging Jury (please see below) will respond to the protest and may, in consultation with the Canadian Head Judge or designate, do one of the following depending on the content of the protest:
  • use the official GymCan video(s) provided by the WAG WPD
  • speak with the coach who submitted the inquiry, the timer or the line judge involved.

f) If a video review is requested, the Judging Jury will follow the video review process as outlined in section 5.8.3 and 5.8.4.

g) The rationale for the decision is communicated in writing.

5.7.3 APPEAL

An appeal is the final level of the review process after a formal protest has been denied.

At this level, a form requesting reconsideration must be completed by the coach and submitted to the Canadian Head Judge/or designate.

With this submission of the form, the Coach agrees to remit to Gymcan the $60 fee should the appeal be denied by the Competition Jury.

The Competition Jury will respond to the appeal. Please refer to Section 5.9 for additional information about the Competition Jury and its mandates.

5.7.4 VIDEO REVIEW

When an official apparatus reference video is available, the judges may review the video when addressing an inquiry or protest. The review of the video will take place in a secluded area. Coaches will not be included in this review.
The D1 and D2 along with the Canadian Head Judge or designate will review the official video.

Only the skill(s) in question will be observed to a maximum of three times and only at regular speed.

The video may also be used to confirm if time or line deductions are warranted.

5.7.5 CONDUCT OF JUDGES AND COACHES DURING THE INQUIRY, PROTEST AND APPEALS PROCESS

It is expected that all parties involved behave in a professional manner at all times.

a) Improper conduct including language or body language will not be tolerated.
b) In the case of improper conduct by a judge or coach, the coach/judge will notify the Canadian Head Judge who will address the concern with the support of the JEX or PM if required.

SPECIAL NOTE: Where matters pertain to participant safety and welfare, potential violations of GYMCA Code of Ethics and Conduct, or any major behavioral issue from a member, GYMCA policies and processes will be implemented. The CHJ must report directly to the Women’s Program Manager GYMCA. Please consult the GYMCA Code of Ethics and Conduct for more information: [http://gymcan.org/gymnastics-canada/policies](http://gymcan.org/gymnastics-canada/policies).

5.8 THE JUDGING JURY IS COMPOSED OF:

- the Canadian Head Judge or designate (Chair of Jury);

5.8.1 THE ROLES AND RESPONSIBILITIES OF THE JUDGING JURY ARE TO:

- render a decision on a judging inquiry when the majority of the Judging Jury is in agreement;
- abide by all FIG or GYMCA rules, directives or requirements.

5.8.2 CONSIDERATION OF THE PROTEST

Will follow the process listed below:

a) The Protest is discussed by the Judging Jury. Coaches should not expect justifications to cover every 0.1 deduction.
b) If an inquiry is received for an E score, a change will occur only if it will make a significant difference.
c) The coach making the inquiry, the timer and/or the line judge may be heard at the discretion of the Chair of the Jury.
d) The Judging Jury will attempt to reach a decision on the inquiry by consensus. The decision to grant or deny an inquiry is made by the Judging Jury when the Chair
of the Jury is in agreement. If the Chair is not in agreement the protest will be forwarded to the Competition Jury.

e) The rationale for the decision is communicated by the D1 in writing on the bottom section of the Protest Form.

f) The completed form must be copied and maintained as a record for the Coach, the CHJ and the PM.

5.8.3 PROCESS FOR A SCORE CHANGE

Following a written inquiry, when a change is made to the D Score and/or to the E Score, the following will occur:

a) The Canadian Head Judge or Competition Head Judge will return the inquiry form and the inquiry fee to the coach. The Canadian Head Judge or the Competition Head Judge will explain the rationale for the change to the coach.

b) The Canadian Head Judge or Competition Head Judge will inform the Chief Scorer of the change.

c) The score will be posted (on a distinctive colour paper), in one of the waiting areas at the designated location. It is the responsibility of coaches to check the designated location for any changes to scores.

b) The request will be discussed by the Apparatus Jury and the Competition Jury as soon as possible.
c) The Competition Jury may ask a panel to reconsider a D Score or an E score if the Competition Jury feels that a D/E score (protested or not) is incorrect;

a) Occasionally, a judge performing the E panel tasks may inquire in writing (note forwarded to the D 1 Judge) once the E Score has been flashed. Such inquiry about the D Score may also be made verbally to the D 1 Judge at the end of a rotation as well.
b) Occasionally, the D 1 Judge may discuss the D Score of an exercise with the E panel members if necessary, before the D Score or the score is flashed or at the end of a rotation.
c) The result of a) or b) may lead to an adjustment to the score in which case the D 1 Judge will secure the authorization of the Canadian Head Judge or her designate. The final decision to adjust a score should occur before the beginning of the next rotation and before the score sheets are sent to the scoring room as much as possible. The D 1 Judge will notify the coach immediately in writing of such adjustment. The coach will have the option to protest the new score within the usual time frame.

7.0 JDWG WORKING GROUPS

In order to ensure the smooth operation of the judges’ system in Canada, the JDWG creates working groups in order to work on different portfolios. These working groups are all lead by a member of the JDWG and are composed of Brevet Judges. All Brevet Judges are encouraged to be part of a working group. Appointments and portfolios assigned to working groups are determined by the JDWG.

a) The judges excellence is a sub-committee of the JDWG and a detailed description of their role can be found below.

7.1 JUDGING EXCELLENCE (JEX)

Where possible, we strongly encourage all judges to resolve all concerns or minor conflicts independently with the intention to enhance positive relationships and collaborative professional development.

a) General assumptions

Excellence in judging is a goal shared by all officials. The purpose of the Judging Excellence Working Group (JEX) is to deal with judging concerns/issues between judges and between judges and coaches. The JEX mandate, overall, is to improve relations among and between these groups so that a positive working relationship can be established and maintained. By ensuring positive working relationships, the athletes will reap many benefits and their performances will be enhanced. Through enhanced performances, international recognition should improve.

b) Jurisdiction

GYMCAN JEX deals with inquiries and concerns at GYMCAN events or activities.

Inquiries or concerns pertaining to the conduct of a judge at a provincial event must be dealt with by the province. It is expected that provinces will have a structure and policies in place to resolve issues in their jurisdiction. Where the judge involved is a National or Brevet Judge, the concern and a summary of the province’s action must be forwarded immediately to PM WAG for their information. Should there be repeated incidences regarding a judge at the provincial level, the JEX may become involved to assist in sanctioning the judge. If this situation occurs, National Judges assignments may be effected.

c) Mandate

The JEX Committee shall address all matters which relate to a concern involving a judge’s conduct or performance. The Chair of JEX reports, where appropriate, to the Chair of the JDWG and the Women’s Program Manager.

The JEX members may be called upon to address any of the following for any judge while carrying the duties of a judge:

- A general inquiry/concern (verbal or written), by coaches or judges, about judging performance that may include observed concerns about:
• Application of systems, rules, manuals
• Improper application of technical rules
• Ability to explain scores
• Communication issues with athletes, coaches, judges, volunteers or GymCan staff
• General conflict management

• Initiatives which are designed to foster interaction and cooperation between judges
• To receive and generate suggestions for ideas to promote better working relationships within judging ranks and between judges and coaches

The JDWG has recognized that feedback and inquiries from judges are valuable. Judges are encouraged to continue to communicate effectively and resolve minor conflicts independently. Two categories of concerns have been identified which offer several main routes by which a judge is able to present a concern, receive feedback or seek a resolution.

All judges will initiate their concern with the Canadian Head Judge. When a judge has presented a concern, the receiving body shall review the concern and collect information about the nature and extent of the concern in order to implement a resolution, where appropriate and possible. If the issue is of relevance to other judges, the Canadian Head Judge may conduct a survey of other judges' preferences regarding the issue under consideration.

**SPECIAL NOTE:** Where matters pertain to participant safety and welfare, potential violations of GYMCAN Code of Ethics and Conduct, or any major behavioral issue from a member, GYMCAN policies and processes will be implemented. The CHJ must report directly to the Women's Program Manager GYMCAN. Please consult the GYMCAN Code of Ethics and Conduct for more information: [http://gymcan.org/gymnastics-canada/policies](http://gymcan.org/gymnastics-canada/policies).

### 7.1 JEX MEMBERSHIP

**Method of appointment:** members appointed by JDWG

**Term of appointment:** 2 years with term commencing July 1 of appointment year

- Canadian Head Judge or designate (Chair JEX)
- 2 members named by the CHJ or designate at the briefing session of the event in question.

Should one of the members be involved in a concern, they would be deemed in a conflict of interest and the remaining members would manage the concern and the PM-WAG could be made available upon request to fill the responsibility.

### 7.2 FORMAT FOR RAISING A CONCERN TO JEX

Concerns must be presented to the Chair of the JEX (Canadian Head Judge) during the event
in question. The form must be submitted a maximum of 48 hours following the event. Concerns can be submitted by email using the form in appendix. Form must be fully completed in order for the JEX to consider.

**Timeline for response**

1. The judge shall be informed as soon as possible that a concern has been received and if the JEX requires more information, a member will reach out.
2. The JEX will communicate with the other judge involved in the concern to receive their perspective on the concern.
3. The facts and circumstances will be reviewed by JEX and a recommendation, via consensus, will be reached.
4. A written summary of the circumstances and a recommendation from the JEX will be forwarded to all parties and the PM WAG.
5. A judging specific sanction may be implemented by the JEX.

Where a concern has been registered and the matter has been reviewed and addressed, this information and the rationale for the course of action will be provided as information to the judges as a group.

The judge who registered a concern can expect a timely response particularly in cases where the concern is presented verbally. In other instances, the judge should receive, in writing, a timely explanation of the review and decision. Where possible this information should be made available to other judges either in writing or at a subsequent meeting.

### 7.3 Sanctions for Concerns Managed by JEX

After review and deliberation of a concern, the JEX may recommend that a concern warrants a formal complaint to be dealt with and reviewed by Gymnastics Canada.

**Judging Specific Sanctions**

Fault by the judge will result in the following:

1. **First Time Fault:** Error in judgment will be pointed out to the judge and a warning issued along with directions/suggestions for improvement.
2. **Second Time Fault:** Error in performance will be pointed out to the judge, and depending on the severity of the situation, sanctions will be imposed.
3. **Repeated Faults:** Judges who repeatedly show major errors in performance will be liable for suspensions for various time periods depending on the situation. Continued errors by the judge may result in temporary or permanent removal of certification. A written summary of the concern and the resolution will be filed at the GYMCAN office.

### 7.4 Formal Complaints — Outside of the JEX

All members of Gymnastics Canada have the ability to file a formal complaint with Gymnastics Canada when there are concerns of possible violations of the Gymnastics Canada *Code of Ethics and Conduct* and/or the *Abuse, Maltreatment and Discrimination Policy* by
another member (e.g., coach, judge, athlete, team personnel): [http://gymcan.org/gymnastics-canada/policies](http://gymcan.org/gymnastics-canada/policies).

Types of complaints submitted to Gymnastics Canada may include, but are not limited to:

- Abuse
- Maltreatment

For more information and resources related to reporting, please visit the following: [http://gymcan.org/programs/safe-sport/reporting](http://gymcan.org/programs/safe-sport/reporting).

For national team and Gymnastics Canada events/activities related concerns, please complete the [Gymnastics Canada Complaint Submission Form](http://gymcan.org/gymnastics-canada/policies) to the best of your ability and submit to the Director, Safe Sport - Ellen MacPherson at emacpherson@gymcan.org.

An individual who files a complaint has the following responsibilities:

- To report the incident(s) as soon as possible, especially if their safety and/or the safety of others is at risk;

GYMCAN NATIONAL JUDGES’ ASSESSMENT FORM
(September 2019)

PURPOSE OF THE ASSESSMENT
The assessment is designed to be an important and essential tool for both the Assessed Judge and the Assessor. The assessment process provides:

- An evaluation tool and a learning tool and a practical learning experience for further improvement.
- A standardized system to ensure the Judges meet the requirements and the objectives of the Women’s Judges’ Program, which in turn provide an opportunity for the program to make appropriate changes.
- An opportunity for the Judges to evaluate their judging skills and knowledge.
- An opportunity to give objective information about each Assessed Judge's judging abilities and areas of excellence, as well as areas for growth.
- An opportunity to incorporate the entire assessment experience and set realistic personal goals within the National Judges System.

ASSESSMENT PROCEDURES FOR BOTH ASSESSED JUDGES AND ASSESSORS
1. The assessment is an educational tool to identify the Judge’s strengths and areas for growth. The process should evaluate with accuracy the Judge's abilities to perform his / her judging task.

2. The Head Judges as well as the Assessors must help to keep a relaxed atmosphere at all times in order to ensure that additional stress factors are kept to a minimum.

3. JO 10 judges will be assessed as Chief judge or Panel judges at an approved provincial JO 9/10 competition. Please take into consideration, this is an educational assessment and should not adversely affect the outcome of the competition. The judging position for the assessment should take into consideration the level of experience of the judge being assessed. There must be a minimum of 3 judges on the panel.

4. Assessed Judges are responsible for providing their own assessment form.

5. The assessments will be organized and coordinated by each Province. The assessor will give the information regarding assessments at the conclusion of the judges’ meeting. The general information and instructions for Assessed Judges and Assessors will be reviewed at this time to avoid any misunderstandings.

6. The Assessed Judge must complete the self-evaluation portion of the assessment form prior to the judges’ meeting for the assessment session.

7. The Assessors MUST meet with the assessed Judges prior to the judges’ meeting to review the assessment form and clarify any additional concerns. The assessed Judge is responsible to review the form and to ask questions if needed to the Competition Head Judge or the Assessor, to insure all information is clear and fully understood before the assessment takes place.
8. Each Assessor must meet with the assessed Judge immediately after the competition used for the assessment to collect the judging sheets. All judges must have completed the assessment process and know their final score before leaving the competition floor.

9. Once the assessment is completed, the Assessed Judge must be informed of the result, sign the assessment form and receive a copy of the form along with their judging sheets.

10. “Written Breakdown” is defined as the appropriate deduction listed beside the breakdown on the judging sheets. The Assessor must be able to add up all deductions on the judging sheets and match the total deductions the Assessed Judge has indicated. A Judge being assessed is not expected to write out the words for each deduction.

11. The Assessor will mark each section with a √ or an x and provide written comments for any areas marked with an x.

12. The routines will be drawn randomly by the Competition Chief Judge and given to the Assessor at the end of the competition. At no time will the Assessed Judge know what routines will be marked.

13. At the end of the assessment, the Assessor will make a judgement as to the result of the assessment based on all of the areas assessed and the discussion with the assessed Judge.
   a) If the assessment is successful, the judge is recommended to upgrade.
   b) If the assessment is not successful, but the assessor and the assessed judge are in agreement with the result, the judge is not recommended to upgrade. (For Provincial JO10 Judges)
   c) If the assessment is not successful, and the assessor and the assessed judge do not agree with the result, the assessor will forward all of the judging sheets (those of the assessed judge and those of the assessor) as well as the assessment form to the Provincial Assessment Coordinator who will determine the final result of the assessment.

**CANADIAN MODEL JUDGES**

Canadian Model Judges may be assigned on UB, BB, and FX in the Novice category.

a) Seating Arrangements

The MJ will sit next to the D2 (on the left side when facing the apparatus). Thus, the judges at the head table are in line as follows:

E3 – Secretary – D1 – D2 – MJ

The other E judges (E4 and E5) will sit at a second table on the other side of the apparatus.

b) Model Judges Process

Generally, each member of the panel must adhere to their responsibilities as outlined in the COP. The MJ is added to the panel for the sole purpose of applying the CM thus should not be involved in panel discussions or decisions.

- the D and E judges will not engage the MJ in panel discussions
- the MJ will not interact with the panel nor become involved in panel considerations.

The D1 and the D2 together have the responsibility of determining the D score and thus they determine the DV and CV and CR.

The D panel (D2) must relay information to the MJ as it is required for the MJ to compute the Model Bonus, CM deductions and E score bonus.

The D2 will inform the MJ if skills and/or connections or composition requirements are not credited.

The MJ will enter the CMB, deductions and E-Score bonus on the tablet if that is possible. Otherwise the MJ will do this verbally via telling the D1/secretary.

If there are no secretaries –the MJ can sit next to the D1 and do all data entry (D-Score, CMB/deductions, time/line) and D1 and D2 would only enter their E scores. The D1 would still be able to review the information on the MJ tablet before the final score is released.

Since calculating the CMB, CM deductions and E score bonus is their only responsibility, the MJ should be able to calculate these components quickly and accurately.

We recommend that the D1 accepts the CMB and other MJ reports as submitted and not re-calculated for every routine.

If there is an error in the CMB or element of the Model, then the coach may make an inquiry.
c) **Review and Reporting**

Each MJ is requested to review their work at the end of each rotation.
At the end of the competition session, the MJ is required to complete a Report form (to be submitted to Helen Laliberté).

d) **Model judge Process**

1. **DI-D2** ➔ **FIG D score**
   
   D1-D2 come up with the FIG D score and inform the Model judge;
   The model judges will not intervene in the discussion

2. **Model Judge** ➔ **CM bonus**
   
   The Model judge tells the Canadian model bonus;
   MJ should give the CMB with a breakdown to validate each bonus

3. **D2** ➔ **Flash CAN D score**

4. **D1 confirm E**

5. The D1 confirm the E score and inform Model Judge

6. **Model Judge** ➔ **Flash E score Bonus**

7. At the end of rotation Model judge review own work and confirm no mistake was done on his/her part

8. If a coach wishes to inquire about the CMB, the inquiry goes to the D1. The inquiry will be taken care of by the D1-D2 and if needed the Model Judge will be consulted.
